MISSION

- To discover, develop and market pharmaceutical products to prevent, major and minor diagnosis.
- We shall provide total customer satisfaction products and services across the globe, with the help of excellence in technology, based on world-class research and development. Driven by high ethical standards and practices, we strive to be good corporate citizens responsible for the betterment of the society.

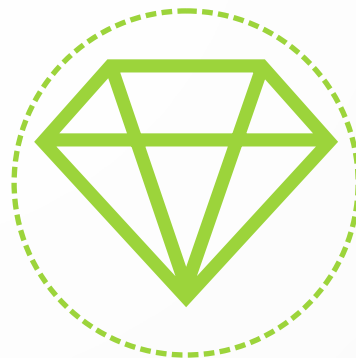

VISION

- To be a leading organization by providing high quality products with the best service in the industry.
- By the turn of this decade, we shall be amongst the most admired companies in India.

MARVELOUS

I've always had marvelous luck with Mercier's products; everything from her body and skin care to her fragrances and cosmetics have always served me well and been a great investment.

STANDARD

Quality is everyone's responsibility and we never have to stop getting better.
