- Hyaluronic Acid
- Vitamin C

WHY CHOOSE REJUSURE?

VEGAN

NON TOXIC

CRUELTY FREE

DERMATOLOGIST TESTED

Visit www.rejasure.com to find the regimen that's right for your skin.

Step 1: Cleanse

In the morning, start by splashing your face with warm water or, if you must, wash with a gentle face cleanser designed for your skin type.

Step 2: Tone

Apply a favourite toner evenly on your face, making sure to focus on problem areas like an oily t-zone which helps maintain the pH balance.

Step 3: Treat

Depending on whether you are washing your face in the morning or at night, you will want to use either a serum or a treatment product. From acne to discoloration, this step features specific products that address individual skin concerns.

Step 4: Moisturizer

Finally, apply a nourishing cream on your face and neck. "Don't forget to moisturized your face before going to bed. The purpose of using a moisturizer is to prevent dryness, keep the skin soft, supple and more youthful look.
